OBJECTIVE

To join an experienced team of web developers to contribute to projects with the technologies I currently understand and to learn new technologies to grow in the field.

SKILLS

An accomplished web developer

- React.js
- JavaScript/jQuery
- HTML5/CSS3
- Node.js
- MySQL/Sequelize
- MongoDB/Mongoose
- Python/Django
- Bootstrap
- GitHub
- Heroku
- Express
- Cheerio

EDUCATION

Certification in Full-Stack Web Development, Northwestern University, 11/2018.

Bachelors in Public Relations, University of Dayton, 5/2007.

PROJECT EXPERIENCE

BEAVER CREEK GOLF APP • TECHNOLOGIES: REACT.JS, NODE.JS, ES6, MYSQL, SEQUELIZE
Team project intended for a real-world golf course. Allows users to schedule golf tee times at the course, knowing local weather due to weather API. Gives additional functionality to password protected administration staff to manage schedule.

RETURN ON INVESTMENT CALCULATOR • TECHNOLOGIES: REACT.JS, NODE.JS, MYSQL, SEQUELIZE
Full MERN web application professionally conceived, coded, and tested for a real-world end-user. Takes over 20 inputs, stores them in a database, and calculates additional database values. Props are used to transfer values between components to a graphical visualization.

WEB SCRAPPING NEWS APP • TECHNOLOGIES: CHEERIO, MONGOOSE, EXPRESS, JQUERY
Cheerio web-scrapping app that scrapes news articles and links, allows users to save articles for later reading, comment on articles, and delete the articles once read.

PROFESSIONAL EXPERIENCE

WEB DEVELOPMENT/CONSULTANT • 8/2017 – PRESENT
- Freelance web-developer/consultant working with healthcare start-ups, political campaigns, and non-profits to grow their web and brand presence.
- Full-Stack development for a range of clients.

PROGRAM MANAGER • UNITED INSURANCE SERVICES • 9/2015 – 6/2017
- Organized and led teams across different product lines, managed individuals in multiple locations, and held agents accountable for their enrollment goals.
- Organized and managed the Small Group division and Social Security division.
- Budget planning, creating procedures, tracking sales and appointment data, and team management.

PROGRAM COORDINATOR • OFFICE OF THE GOVERNOR, ILLINOIS • 7/2013 – 7/2015
- Managed the project definition, execution, performance and close of the Affordable Care Act's implementation in Chicago for the Governor's Office.
- Coordinated twelve state and federally funded provider and non-profit organizations to implement the policy education and enrollment process.
- Multitasking strategy, team/relationship management and problem solving, I achieved the highest enrollment totals in the State of Illinois.

ACCOUNT EXECUTIVE • GALLAGHER MEDIA & MARKETING • 10/2010 – 7/2013
- Managed marketing goal setting, social media strategy, marketing and press releases for accounts ranging from non-profit associations, school districts and small businesses.

VOLUNTEER COORDINATOR, QUINN FOR ILLINOIS • 8/2009 – 11/2010
- Grew grassroots volunteer base in DuPage county through community organizing.

LAW OFFICE OF MICHAEL GRIFFIN • 10/2007 – 8/2009
