## PAT CORCORAN
WEB DEVELOPMENT • FULL-STACK DEVELOPER • REACT.JS
PATRICKCORCORAN10@GMAIL.COM • GITHUB.COM/PATRICKCORCORAN10
HTTPS://P-CORCORAN-PORTFOLIO.HEROKUAPP.COM/
630-890-6991

## OBJECTIVE

To join an experienced team of web developers to contribute to projects with the technologies I currently understand and to learn new technologies to grow in the field.

## SKILLS

An accomplished web developer in:
- React.js/Redux
- JavaScript
- HTML5/CSS3
- Node.js
- PHP
- MySQL/Sequelize
- MongoDB/Mongoose
- Python/Django
- Bootstrap
- GitHub
- Heroku
- Express
- Cheerio/Scrapy
- WordPress
- User Auth./PassportJS
- jQuery
- REST APIs

## EDUCATION

Certification in Full-Stack Web Development, Northwestern University, 11/2018.

Bachelors in Public Relations, University of Dayton, 5/2007.

## PROJECT EXPERIENCE

**RETURN ON INVESTMENT DASHBOARD • TECHNOLOGIES: REACT.JS, NODE.JS, MYSQL, SEQUELIZE**
Full MERN web application professionally conceived, coded, and tested for a real-world end-user. Collects over 20 inputs, stores them in a database, and calculates additional database values. Props are used to transfer values between components to a graphical visualization.

**BEAVER CREEK GOLF SITE • TECHNOLOGIES: REACT.JS, NODE.JS, ES6, MYSQL, SEQUELIZE**
Team project intended for a real-world golf course. Allows users to schedule golf tee times at the course, knowing local weather due to weather API. Gives additional functionality to password protected administration staff to manage schedule.

**WEB SCRAPPING NEWS APP • TECHNOLOGIES: CHEERIO, MONGOOSE, EXPRESS, JQUERY**
Cheerio web-scrapping app that scrapes news articles and links, allows users to save articles for later reading, comment on articles, and delete the articles once read.

## PROFESSIONAL EXPERIENCE

**WEB DEVELOPMENT/CONSULTANT • 7/2017 – PRESENT**
- Freelance web-developer/consultant working with healthcare start-ups, political campaigns, and non-profits to grow their web and brand presence.
